Attn: Chief Laird

Dear Chief Laird:

25X1 [ ] recently discussed with you the fact that we have received no replies yet to our requests for concurrence on declassification actions recommended on the NIS series. We understand that OP-009F has the letters sent since 1 March, but that the earlier ones have not been located. We are, therefore, enclosing copies of our letters to ONI from 8 August 1980 to 20 February 1981 to which we have received no reply. We are also enclosing for your records copies of our letters extending classification on some NIS sections in case the original letters have not gotten to the correct office.

Thank you very much for your help in this matter.

Sincerely,

[ ]

Chief, Classification Review Division  
Office of Information Services  
Directorate of Administration
